

Our charges for cancelling and making changes to your policy

What happens if my policy is cancelled or changed?

We'll make a charge to cover our costs if:

Your insurance policy is cancelled	£32
You move house	£15
You provide incorrect information and we agree to correct it	£15

These charges will apply as well as any additional or refund in premium due to the change to your policy.

If you cancel your policy we'll also charge you for the time you've been insured with us before giving you a refund. We will not give you a refund if you've made a claim and cancel your policy 14 days after you receive your new policy or renewal documents. A charge won't be made if you cancel before the cover start date.
